2013 IBLP REGIONAL CONFERENCES
Dear Friend,
This conference is designed to give you powerful truths for the day in which we now live. There are only two reasons why we do not live in daily victory: Either we do not know the truth or we are not applying it. In this conference you will discover deep Biblical truths that will give you a new level of freedom and victory.

Conference Goals:
1. Learn how to actually experience our victorious position in Christ
2. Know how each piece of God’s armor causes us to stand strong
3. Understand vital principles of true hospitality
4. Discover an overlooked key to make prayer delightful and powerful
5. Learn how to solve problems with creativity and wisdom
6. Learn how successful business leaders started their companies
7. Experience the power of one- accord and rich fellowship

LIVE Conferences!
These Living in Victory Every Day conferences promise to be some of the best ever, with deep spiritual truths given in practical, life-changing ways. Where else could you find a week that will last a lifetime?

A powerful new series on the commands of Christ that reveals deep truths on how to resolve seven deadly stresses.

Lasting answers . . .
The Institute in Basic Life Principles is dedicated to giving clear training on how to find success by following God’s principles found in Scripture.
How to Conquer 7 Deadly Stresses

Jesus identified seven deadly stresses in His Sermon on the Mount. He also gave us 49 commands that contain practical instructions on how to love our neighbor as Christ loved us. There are seven commands that directly relate to each of the seven stresses. By applying the commands to resolving specific stresses, a whole new level of insight and understanding comes to light.

For example, the seven commands that relate to anger reveal root causes of anger that we never saw before! This new training is a must for everyone who wants to walk in daily victory.

How to Live in Daily Victory

The instructions for daily victory are very clear: be “planted together in the likeness of his death,” know “that our old man is crucified with him,” “reckon ye also yourselves to be dead indeed unto sin, but alive unto God,” realize “if ye through the Spirit do mortify the deeds of the body, ye shall live,” and many more (Romans 6 and 8). But how do we actually carry out these instructions in daily living? This important question will be answered with fresh insight from Jamie Lash. He will be giving a series of messages on this vital topic. (Speaking live in Big Sandy!)

Jamie Lash

When our staff heard a series of messages by Jamie, we knew he had to be a speaker at this year’s conference!

Dr. David Gibbs, Jr.

David is the Founder and President of the Christian Law Association.

How to Conquer Discouragement

Dr. David Gibbs, Jr. impacted all of us last year as he began his message with this question: “Why would you want to waste your life merely doing great things for God—when He has called us to do impossible things?” After explaining how we can do the “impossible,” he told how his invalid mother actually did this! Then he gave the five reasons that David was a man after God’s own heart. Every point Mr. Gibbs makes is illustrated with a powerful story. He will be with us again this year with more life-changing messages, including how to help others conquer discouragement by following the example of Abishai and how to run to win. (Speaking live at all conferences!)

“But thanks be to God, which giveth us the victory through our Lord Jesus Christ.”
—1 Corinthians 15:57
Laying the Foundation for Daily Victory
Like most parents, Jim was concerned about the influences that even friends in the church youth group would have on his son and daughters. He implemented one event during their growing up years that they point to as a highlight in their relationship with Jim and their walk with God. Only a few fathers have understood the importance of this activity, and fewer yet have actually carried it out. Jim will be explaining this activity and giving practical direction on how to do it. This session is a must for every father who wants to understand his teenagers and help them avoid the pitfalls of our culture.

Conquering the Giants That Challenge Victory
Living in daily victory is the life message of Otto Koning. First he learned how to conquer the giant of anger within, and then he discovered Biblical principles of how to conquer the principalities and powers without. Otto Koning has a worldwide ministry through his books, messages, and public speaking. It will be a delight to have him with us for further training on the vital steps of living in daily victory.

Five Critical Relationships in a Teenager’s Life
Ninety-five percent of the thousands of teenagers we have interviewed have stated that they do not believe that their fathers understand them. That is certainly not the case with Jim Bob and Michelle Duggar. In order to enjoy the harmony and fellowship they have in their home, it has been essential for them to understand the thoughts and emotions of each one of their nineteen children. Further training that Jim Bob and Michelle will share with us is how they have been able to overcome anger and irritation when almost every day things happen that were not “in the schedule” or expected.
**Horst Schulze**

Horst has received world acclaim for his exemplary hotels, which are built on hospitality.

**David Rogers, Ph.D., PE, R.G., C.E.G., C.H.G.**

While serving in the Marines and in the Navy, David learned how to solve engineering problems.

**Roger Magnuson**

Roger will bring a wealth of courtroom experience into his powerful message on how to put on God’s armor.

---

**How to Demonstrate True Hospitality**

Every believer is commanded to be “given to hospitality” (Romans 12:13). Hospitality is also a prerequisite for church leaders (I Timothy 3:2) and we are all to “entertain strangers: for thereby some have entertained angels unawares” (Hebrews 13:2). No one understands the importance of hospitality better than hotel owners, and Horst Schulze is a legend in this industry. He grew up in Germany and started his hotel career at age 14. He built the Ritz-Carlton hotel chain and is now establishing a new chain that is acclaimed as having the best hotels in the world. People pay thousands of dollars to hear his lectures and we are honored that he has agreed to oversee our Drake Oak Brook Hotel. Every month he polls the guests in his hotels and has found that the newest trend is toward individual, personalized service. He has a wealth of knowledge on how to demonstrate hospitality.

**How to Develop the Skill of Creativity**

One of the most important factors for success is creativity. It is the basic ingredient for all problem solving and all successful business ventures. Dr. David Rogers is one of the nation’s top engineers. He receives and solves engineering problems from other nations on a regular basis. He does not solve these problems with engineers, because their training limits their ability to see new solutions. So, he works with young people who have had no training in engineering, and they solve the problems! During his highly celebrated military career, Dr. Rogers traveled the world solving engineering problems. He then taught engineering at UCLA and now is Chairman of the Engineering Department at Missouri University of Science and Technology. He will give us the principles of creativity, which we can use in every area of our lives.

**How to Cause Satan to Flee From Us**

Imagine Satan taking one look at you and saying to his demons, “Let’s get out of here!” This is precisely what the Scripture states: “Resist the devil, and he will flee from you” (James 4:7). But how are we to effectively resist the devil? The secrets are contained in the instructions of putting on “the whole armor of God” (Ephesians 6:11). You will see this familiar passage in a whole new light as each piece of armor is explained, along with instructions on how and when to put each piece on!
How to Use Our Invincible Weapons

Tom Harmon has just completed a book on how to walk in daily victory. It identifies powerful weapons that God has given to us. However, he singles out one as the most valuable assault weapon he has used. When Tom reluctantly attended his first Basic Seminar, he was stunned by the truths that he learned. Then, as he began to apply them, he began finding victory in each area of his life, especially in the area of conquering impure thoughts. He is looking forward to sharing his experiences with us and giving a practical background to spiritual warfare. His message will clarify the reason that God promises that “sin shall not have dominion over you” (Romans 6:14).

Tom Harmon

As a state trooper, Tom was never without his weapons. He sees a direct correlation for believers to always be armed.

How Coming to Freedom Is Just the Beginning

Thousands of married couples who were living with disillusionment and frustration have come to true freedom through the wise and effective counseling of Paul and Jenny Speed. However, as most couples understand, the fire of genuine love tends to go out and the fire of sensual pleasure continues to grow. God lamented the fact that the Ephesians believers had left their first love. Paul and Jenny will explain how to keep the fervency of genuine love alive after coming to freedom.

Paul and Jenny Speed

The transparent lives of Paul and Jenny have been a testimony to thousands.

How to Have Mountaintop Vision and Valley Living

To live in daily victory, we need to have our mountaintop experiences. It is there that we will get our purpose for life and direction for the future. However, things don’t grow very well on mountaintops. For this we must go to the valley. Chris Hogan has demonstrated the truth of this analogy. He caught his vision for working with youth and families but then obeyed his father, who asked him to work in the business world for ten years. During that time, Chris discovered the principles of marriage harmony, business success, and how to raise up Godly sons and daughters. Chris and Anne had their eleventh child on December 3, 2012. We praise God for their leadership in the ATI program.

Chris and Anne Hogan

Their continual interaction and discipleship with couples have given them a wealth of practical training to share with others.
The Missing Factor That Will Revolutionize Your Prayer Life

Paul’s first instruction to Timothy was to major on four aspects of prayer: “supplications, prayers, intercessions, and giving of thanks” (I Timothy 2:1). Most people overlook one basic factor that will make all the difference in the delight and effectiveness of their prayer life. When you hear this you will wonder why you did not see it sooner!

How to Develop Your Most Valuable Skill

There are five qualities that are vital for your success in life: initiative, creativity, diligence, wisdom, and enthusiasm. The most important of these is creativity that springs out of wisdom. You will learn the foundational principles of creativity from Dr. David Rogers.

How to Triumph Over Satan’s Favorite Weapons

Most young people retreat or surrender when they are ridiculed for their faith. Yet, the hallmark of a successful person is to learn the secrets of standing alone. When you learn these responses, you will have a new boldness in your walk with God.

How to Overcome Fear With Wise Answers

Many young people are afraid to talk about the Christian life because they fear certain questions they cannot answer. Scripture says that “the heart of the wise teacheth his mouth, and addeth learning to his lips” (Proverbs 16:23). It also says, “Be ready always to give an answer” (I Peter 3:15). We will give wise answers for these questions.

Special Training for World-Changers

Every believer inherited the awesome promise to Abraham that through us and our descendants “shall all nations be blessed” (Galatians 3:8–17). In order to do this, the world must see God’s joy and success in our personal lives. “God shall bless us; and all the ends of the earth shall fear him” (Psalm 67:7).

There were three ways that God blessed Adam before he brought a wife into his life: a dynamic daily walk with Him, significant financial resources, and a world-impacting life message (Genesis 1–3). These vital prerequisites are the curriculum of Embassy University and the training at this conference.

Bring Your Faith to an Unshakable Relationship

Many girls struggle with their identity, the pressure of peers, and the expectations of being perfect Christians. But how can your faith go from intangible to unshakable? That is the topic we will be talking about at this year’s COMMIT sessions. We will deal with doubts from the culture of our day, having a belief system that is rooted in truth, and learning how to give wise answers to those who ask us why we are different.

Learn the Basis of Your True Significance

1. How do we find our identity in Christ?
2. What does being set apart mean?
3. How can we get along with difficult family members?

“Rooted and built up in him, and established in the faith, as ye have been taught, abounding therein with thanksgiving.”
—Colossians 2:7

Team Leaders

Each team will be led by an enthusiastic team leader who will encourage the young ladies in the ways of the Lord. Young ladies aged 16 and older who have hearts for ministering to others are invited to serve as team leaders or team assistants.

For more information, please contact commit@opportunities.iblp.org or call 630-323-9800 ext. 220.

**CHILDREN’S INSTITUTE**
For children aged 4–7

**The Goal**
The goal of the Children’s Institute is to “turn the heart of the fathers to the children, and the heart of the children to their fathers” (Malachi 4:6). By teaching and discipling children in God’s truths on levels that are both understandable and exciting to them, seeds that will undoubtedly yield much fruit are planted in each child’s life. Team leaders learn basic principles of life and are taught creative ways to integrate these principles into lessons that captivate and motivate children.

**Team Leaders**
Students who have a strong love for teaching children can apply to be a team leader or assistant. Students may request a team leader application.

To apply for a team leader or assistant position, download an application from www.ati.iblp.org/ci.

**Pre-Embassy**
For girls aged 8–11

**Full Days**
$50 per participant

**Know Your Value**
The Pre-Embassy leadership team is delighted to work with young ladies aged 8 to 11! At this time, foundations are being laid upon which the girls will build their entire belief systems. For this reason, it is important that God’s truth is engrained in each of their hearts. Too many young ladies have settled for the offers of the world simply because they don’t understand the value that has been placed on them by Christ. This year’s program will address the common lies believed by girls in this age group and teach them about the true worth that God has given to them.

**Team Leaders**
Young ladies aged 16 and up who have a heart for younger girls can apply to be a team leader or assistant.

To apply for a teacher or assistant position, please email us at preembassy@iblp.org.

**Daily Dress**

The Vision for ALERT Training
When ALERT began, its goal was to train young men to be physically and spiritually strong for effective service. Practical training in emergency response has been given to more than two thousand young men, and this training will continue to be given at the Big Sandy Academy.

Meanwhile, other nations are requesting ALERT men to train their junior and senior high schoolers to carry out the programs that are given at Big Sandy. Through precise drill instruction and redesigning classes into ten-man teams, nations could design an army for character, academics, and public service.

The Purpose of ALERT Cadets
The Cadet program, which operates in local communities around the world, is a branch of ALERT that assists fathers and sons to build relationships and turn their hearts to one another. Each year ALERT and Cadet leaders come together to hold the ALERT Cadet Challenge at the ATI Conference. The “Challenge” is filled with spiritual, mental, and physical lessons designed to impart a global vision for service to each young man and challenge him to develop a heart fully committed to Christ.
